

UCOTILE-GL

ST-173

Polymer Modified Granite/Glass Tile Adhesive

Product

UCOTILE-GL is a single pack ready to use waterproof Granite/Glass Tile adhesive.

Composition

UCOTILE-GL is a blend of specially selected polymers, white cement and fillers.

Description

UCOTILE-GL is ready to use excellent waterproof Granite Tile adhesive used for permanent fixing of Granite/Glass requires only addition of water.

Benefits

- **Excellent Bond**
UCOTILE-GL ensures excellent bond on concrete plastered and even on smooth surfaces.
- **Economy**
UCOTILE-GL is ready to use with conventional masonry tools. It require only addition of water eliminate site mixing of cement aggregates.
- **Saves Time**
UCOTILE-GL is to be applied at the thickness of 3 mm to 4 mm that reduce in time and labor.

Technical Data

Form Powder
Colour White
Density 2000 KG/m³
W/P Ratio..... 0.3

Advantages

- Excellent adhesion to smooth surface
- Good waterproofing characteristics
- Ready to use
- Easy to apply with conventional tools
- No curing required
- Cost effective

Purpose

For permanent fixing of Granite/Glass Tiles

Where to Use

For fixing of Granite/Glass Tiles

Method of use

The substrate should be sound clean and free from contamination. UCOTILE-GL should be mixed in the ratio of 3:1 by volume. Mix thoroughly to form a creamy mortar at 3 mm to 4 mm uniform thickness.

Remove excessive material with a clean cloth before material has set.

Coverage

UCOTILE-GL will provide coverage of 2.5 - 3.5 ft²/KG of application at the thickness of 3 - 4 mm dependent upon the surface.

Packing

25 KG bags and 50 KG paper laminated/woven sacks

Storage

- UCOTILE-GL has a shelf life of 12 months from the date of manufacturing, if stored as per manufacturer's instructions & in manufacturer's original unopened packing.
- Keep away from direct sunlight and store in dry & shade.
- Protect from freezing and moisture.

Handling Precaution

- UCOTILE-GL is an industrial chemical; required handling precautions should be followed.
- UCOTILE-GL is non-flammable and doesn't contain any flammable ingredient.
- UCOTILE-GL is non-hazardous, however inhalation of its dust particles should be avoided. Use of facemask is recommended.
- Prolonged contact with skin should be avoided. Use rubber gloves and boots, when working overhead, goggles should be worn.
- Contact with eye should be avoided. If in contact with eye, wash with water and take medical advice immediately.

Important Note:

All products should be used in accordance with manufacturer's instructions. Every effort is made to ensure that the information is reliable, however we do not accept any responsibility for any work carried out with our material(s) as we have no control over the method(s) used for application, site conditions, weather conditions, etc.
