

## **UCOTILE-MA**

### **Polymer Modified Marble Adhesive**

**ST-174**

#### **Product**

UCOTILE-MA is a single pack ready to use waterproof marble adhesive.

#### **Composition**

UCOTILE-MA is a blend of specially selected polymers cement and fillers.

#### **Description**

UCOTILE-MA is ready to use excellent water proof marble adhesive used for permanent fixing of marbles requires only addition of water.

#### **Benefits**

1. Excellent Bond  
UCOTILE-MA ensure excellent bond on concrete plastered and even on smooth surfaces.
2. Economy  
UCOTILE-MA is ready to use with conventional masonry tools. It require only addition of water eliminate site mixing of cement and aggregates.  
UCOTILE - MA is to be applied at the thickness of 3 mm to 4 mm that reduce in time and labour.

#### **Technical Data**

Form .....Powder  
Colour.....White  
W/P Ratio.....0.3

#### **Advantages**

- Excellent adhesion to smooth surface
- Good waterproofing characteristics
- Ready to use
- Easy to apply with conventional tools
- No curing required
- Cost effective

#### **Purpose**

For permanent fixing of Marble

#### **Where to Use**

For fixing of Marbles

#### **Method of Use**

The substrate should be sound clean and free from contamination. UCOTILE-MA should be mixed with water in the ratio of 3:1 by volume. Mix thoroughly to form a creamy mortar applies this mortar at 3 mm to 4 mm uniform thickness.

Remove excessive material with a clean cloth before material has set.

#### **Coverage**

One 25 gm pack will cover 6m<sup>2</sup> - 7.5 m<sup>2</sup> with 3 mm to 4 mm thickness.

**Packing**

UCOTILE-MA is supplied in 25 KG bags and 50 KG paper laminated / woven sacks.

**Storage**

- UCOTILE-MA has a shelf life of 12 months from the date of manufacturing, if stored as per manufacturer's instructions & in manufacturer's original unopened packing.
- Keep away from direct sunlight and store in dry & shade.
- Protect from freezing and moisture.

**Handling Precaution**

- UCOTILE-MA is an industrial chemical; required handling precautions should be followed.
- UCOTILE-MA is non-flammable and doesn't contain any flammable ingredient.
- UCOTILE-MA is non-hazardous, however inhalation of its dust particles should be avoided. Use of facemask is recommended.
- Prolonged contact with skin should be avoided. Use rubber gloves and boots, when working overhead, goggles should be worn.
